— DEPARTMENT OF —
REVENUE
—
STATE OF MISSISSIPPI

The fundamental mission of the Mississippi Department of Revenue is to be the mechanism through which the citizens of the State of Mississippi fund their public services.

Our goal is to efficiently and effectively accomplish this mission with integrity, while demonstrating courtesy toward those we serve.

The Department of Revenue (DOR) collects the tax revenues that support state and local services relied upon by the people of Mississippi. The work of this agency affects every citizen of this state, whether filing an Individual Income tax return, paying Sales Tax on purchases, or owning a titled vehicle. During Fiscal Year 2011, revenue-generating activities resulted in collections of \$6.7 billion. These monies were transferred to the State's General Fund, municipal and county governments, and numerous special funds that support government services.

The Department of Revenue has six core responsibilities including:

1. Tax administration
2. Compliance enforcement
3. Wholesale distribution of alcoholic beverages
4. Enforcement of the Local Option and Prohibition Laws
5. Equitable statewide property appraisal
6. Administration of Motor Vehicle and Title Laws

Tax Administration includes functions such as processing tax returns, depositing money in the bank, issuing tax refunds, and distributing tax payments to the state's general fund, cities, counties and special funds. Tax administration also includes issuance of permits and other regulatory duties. The DOR manages return and payment information for more than 1.5 million taxpayers.

During FY11, the DOR received over 1 million phone calls from taxpayers seeking information about their tax responsibilities. Additionally, there were 2.1 million visitors to the DOR website looking for statistics, downloading tax forms, and researching tax information.

Because the DOR processes hundreds of thousands of transactions and payments annually, it is a critical element of its business processes to develop electronic means by which business and individual taxpayers can file and pay taxes. Steady growth in electronic filing has been seen in both Individual Income and business taxes.

- 71% of *all* dollars collected by the DOR in FY11 were received electronically.
- 83% of Individual Income returns were filed electronically.

- 56% of the Individual Income refunds were paid by direct deposit into the taxpayer's bank account.
- 20% of Corporate taxpayers filed electronically. (FY11 was the first full year e-file for this tax was available.)

Even with high percentages of electronic filing, there were over 15 million pages of tax return data and other documents processed through DOR systems during the year.

Compliance Enforcement. The vast majority of Mississippi's taxpayers file and pay their taxes correctly and on time. In fairness to them, the DOR performs audits and collects unpaid taxes from those persons and businesses who do not comply with the tax laws.

- Auditors performed over 4700 audits assessing \$135 million in additional tax, interest and penalties.
- The offset program with the federal Treasury department, TOP, resulted in recovery of \$6.2 million in past due state taxes.
- Over \$6 million in fraudulent individual income returns were blocked from being issued.
- \$3.7 million in state income tax refunds were held and paid to other state agencies toward debt owed those agencies.

Wholesale Distribution of Alcoholic Beverages. ABC liquor distribution transferred a record amount of revenue to the State Treasury during FY 11. Sales increased by 2.4% over the prior year reaching a record \$263 million. Those sales generated more than \$92 million in sales tax, liquor tax, and profit transfers to the state treasury.

Since 1966, when Mississippi passed its local option laws, the ABC has contributed over \$2 billion to the state's coffers.

Enforcement of Local Option and Prohibition Laws. Mississippi code requires the "vigorous enforcement" of the Local Option and Prohibition laws. While agents find an occasional moonshine still, today a primary focus for ABC Enforcement is reducing alcohol consumption by minors. ABC agents meet across the state with permit holders to train their employees on state law and spotting fake identification cards. This training is critical in helping curb a young person's access to alcohol and beer. ABC enforcement has utilized a national grant to fund educational materials that agents distribute to high schools and universities warning our young people about the dangers of underage drinking.

Ensure Equitable Statewide Property Appraisal. The Department of Revenue ensures consistent and equitable valuation of property subject to ad valorem tax among the municipalities and counties of the state. A component of this function is providing support and education to the counties and their employees.

- DOR provided training for 30 students in its Certified Appraiser School. (County Tax Assessors can only allow Certified Appraisers to appraise property values in this state.)

- Training was provided for annual re-certification classes for more than 500 existing certified appraisers.
- DOR performed testing and other services for more than 400 appraisers who hold designations above Certified Appraiser.

Additionally, the DOR provides the tax assessor uniform assessment schedules for motor vehicle and mobile homes; prepares assessments of public utilities, private rail cars, mobile homes, motor vehicles; authorizes industrial tax exemptions; and reimburses local taxing entities for losses related to property tax exemptions.

- \$75.1 million to counties, cities and school districts for homestead exemption
- \$137 million for the legislative tag credit

Administration of Motor Vehicle and Title Laws. The DOR manages the statewide tag and title computer network. This network provides all registration information for every vehicle in the state. Access to this network is provided to each of the 82 counties and to law enforcement agencies.

- The DOR printed, on behalf of the county tax collectors, renewal notices for 2.6 million passenger license plates.
- Mississippi has over 150 specialty license plates issued to over 600,000 vehicles. There are 80,000 vanity or personalized plates.
- \$4.2 million from specialty plates was collected and returned to sponsoring organizations.
- DOR issued 66,000 tags for big trucks and government vehicles.
- Title Bureau issued 875,000 titles in FY11.

Mississippi Automated Revenue System (MARS)

During FY 11, the DOR began implementation of the Mississippi Automated Revenue System, MARS. MARS is a 5-year technology upgrade project that completely replaces multiple computer systems with a modern, state-of-the-art integrated tax system. MARS provides enhanced services for the taxpayer as well: taxpayers have online access to their tax account information through a taxpayer portal called "TAP."

MARS will

- Improve service to the taxpayers of this state.
- Reduce agency costs of operation through improvements to technology.
- Encourage voluntary compliance.

Major milestones of the project were met through substantial work of many employees across the agency. Training for all DOR employees is underway. Taxpayer usability testing was performed with a cross section of taxpayers and tax practitioners participating to provide their input to the taxpayer portal. Taxpayer training at DOR locations and other locations is on going.

Not all taxes can be placed into operation at one time, so the taxes are being implemented over a 5-year period. The following taxes were implemented October 24, 2011:

Corporate Income and Franchise
Pass-Through-Entity
Gaming
Insurance Premium
Finance Privilege
Beer Excise
Tobacco Excise
Beer and Tobacco permits

The future implementation schedule includes:

- October 2012, Individual Income and Withholding
- October 2013, Sales and Use Taxes (including special city and county taxes and others)
- October 2014, Miscellaneous Taxes (including Severance, regulatory taxes, and others)
- October 2015, Alcoholic Beverage taxes
